

CREATING IBM CLOUD SERVICE

Date	06 NOVEMBER 2022
Team ID	PNT2022TMID42281
Project Name	Project – SMART SOLUTIONS FOR RAILWAYS

The screenshot displays the IBM Cloud Dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and a user profile. The main section is titled 'Dashboard' and includes a 'Create resource' button. Below this, a 'For you' section features six cards: 'Build' (exploring easy starter tutorials), 'Set up your IBM Cloud account' (10 min), 'Use Speech to Text' (2 min), 'Build a web app with Watson Speech to Text' (15 min), 'Build and deploy Node.js apps' (15 min), and 'Use Watson Studio' (2 min). Each card has a 'Getting started' or 'Popular' tag. The bottom section contains four panels: 'News' (with links to articles about Key Orchestrator, TrustRadius, and Cloud Pak), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a world map).

An IBM cloud Service created successfully.
